

International Conference on Physician Health™

The biennial International Conference on Physician Health™ (ICPH), supported by the Canadian Medical Association, British Medical Association and American Medical Association, showcases research and system-level initiatives to mitigate burnout and promote professional well-being.

This year's conference theme is ***Improving well-being through the power of connections***. ICPH promotes an overall healthier culture for physicians by offering practical evidence-based solutions, practice skills, and resources and tools for attendees to take back to their workplace and readily implement.

ICPH registration

Registration for ICPH 2024 will open in June. Save the dates of Oct. 17-19 now, and check the ICPH website for further details posted soon!
